

- Fully enclosed corrosion resistant aluminum body with roll up doors
- Multiple pumping systems that can spray from any one of the main tanks
- Each pumping system has its own hose reel and each tank can be remotely filled (so no need to climb up into truck)
- An independent pumping system with smaller tanks is used for mixing product and supporting the hand washing sink
- The rear deck of the truck has ample storage space and underdeck boxes provide space for carrying tip & pours and jugs of concentrate
